Field Trip Health Forms

We recently had clarification from AAPS Central Administration on the health forms for field trips

The clarifications are as follows:

1. We must use the AAPS Field Trip Health Forms, **NOT** the Interlochen/Summer Camp Health Forms
2. All students must have an AAPS Field Trip Health Form on file **to participate in any field trip** (this includes the Chelsea Invitational coming up)
3. All AAPS Field Trip Health Forms **must** have a parent/guardian signature.
4. **Only** students that need medication administered need a doctor's signature (if your student needs medication administered while in Spain, we need a doctor's signature)
5. Student's may self-carry this medication **if** the self-carry box is checked (the doctor must sign the form for any prescription meds)
6. You do not have to have a physical or make an in person appointment with your students' physician, **this can be signed by any medical professional** including going to a ready care clinic or asking your regular doctors' office for the signature.

Our sincere apologies for any inconvenience this may have caused, especially for those families who have already turned in updated forms. This should be the last time we ask for any updated health forms (I hope.).

We need these forms completed by 9/22/23.
We require the physical paper form.
We can not accept any electronic forms emailed.
